

Mandy Warthan, MD

Warthan Dermatology

Dr. Warthan is Double Board Certified in Dermatology and Dermatopathology; fewer than 3% of dermatologists become dermatopathologists. Dermatopathology is focused on the microscopic diagnosis of skin cancers and moles. Dr. Warthan grew up in Nacogdoches, Texas - in a medical family; both her father and sister are also dermatologists. She graduated from Southern Methodist University and completed medical school at the University of Texas Medical Branch. She received her dermatology training at the Medical College of Georgia, followed by a fellowship at the University of Texas Southwestern Medical School. Dr. Warthan has published extensively in academic journals and has been quoted in the New York Times. She is respected by her peers as an accomplished dermatologist with genuine empathy for her patients.

Dr. Warthan treats skin diseases in patients

of all ages. Medical treatments include skin cancer surgery, mole removal, acne, rosacea, skin screenings, psoriasis, and eczema. Cosmetic services include Botox, Dysport, Juvederm and Restylane, Fraxel Laser Resurfacing for deep wrinkles and acne scars, Laser Hair Removal, Fotofacials, Spider Vein Treatment, Chemical Peels, Microdermabrasion, Revitalash, and Physician Grade Skin Care including Obagi and Neocutis. Whether improving your appearance with small subtle changes or restoring your face to a more youthful glow, Dr. Warthan personally involves herself with your skin care needs. Dr. Warthan focuses on combining the latest technologies and skin care to achieve your rejuvenation, so you can begin to look and feel your best.
